Purpose

	SPIN-D's Co-production and Involvement Resource:-
	i) Provides information about SPIN-D's expectations and values to involve and integrate the experiences of people and carers through all SPIN-D activities and research.
	ii) Provides guidelines on how to involve people and carers with lived experience of dementia (e.g.co-applicants and members of the Core Lived Experience Group), in network activities (such as steering group meetings, for example);
	iii) Provides guidelines on how to involve people and carers with lived experience of dementia, in workstream activities (such as the Flexible Funding review process)
	iv) Provides people and carers with lived experience of dementia with information about the type of activities they can get involved in within SPIN-D
	v) Provides people and carers with lived experience of dementia with information about the types of support that they can expect.

Governance

	All documents included in the SPIN-D Co-production and Involvement Resource will be developed using co-production processes. We will also establish a 'Resource Review Group' to observe, discuss, comment on, and agree the inclusion of documents in all categories outlined in the index (1a) .
	The members of the 'Resource Review Group' are named below. Membership can change and this document version will be updated accordingly.

	Documents in ' Category D: SPIN-D - Core Lived Experience Group (CLEG) ', have been co-produced by people and carers with lived experience of dementia and therefore, do not require further scrutiny.
	Documents in ' Category E: SPIN-D - Developed Resources ' will have been co-produced, and although comments are welcome to provide insight, the developer has the final say about changes and inclusion.
	Proposed changes to the ' Category F: SPIN-D - Strategic Co-production Partners Resources ' will be made under the direction of the Strategic Co-production Partner involved and can involve insight from Co-applicants and the Core Lived Experience Group members.
	Links will be provided to network member resources highlighted in ' Category G: SPIN-D – Network Members Resources '.
	All documents will align with the Coproduction and Involvement resource format and be version-controlled.
